ORINDA SUN

VOL. VIII, NO. 23 — LAFAYETTE — ORINDA, CALIFORNIA — FRIDAY, AUGUST 18, 1950 — TEN CENTS

Fire Board Speeds Steps for Bond Vote

With the hope of bringing Orinda's new fire house and the auxiliary control for the Crossroads traffic light system nearer realization, the Board of Commissioners of the Orinda Fire District met in another special session last night.

The meeting, held at the fire house in the Village as this issue of the SUN went to press, was scheduled to take up details which had not been dealt with at a previous special session Thursday night of last week, according to Gilbert Earle, one of the commissioners.

Facing the board as it gathered last night were the following points:

1.—Further study of architectural plans for the new fire house to be erected at Moraga Highway and Orchard Road and possible arrival at more definite preparations for the bond issue election which will be necessary to raise funds for construction of that building.

2.—Arranging for manufacture and installation of the auxiliary control for the traffic light system at the Crossroads.

SLEEPY HOLLOW SITE

Another possible development at last night's meeting, according to Earle prior to the session, was discussion of a site for an eventual third fire house for the district, in the Sleepy Hollow area.

"Residents of that area have been looking around for a possible site," Earle said. "So far there have been no formal proposals. We may have something to report on that after this week's meeting."

MEETING NEXT THURSDAY

Regular monthly meeting of the board will be held next Thursday night at 7:30, and official action on fire house plans and auxiliary control of Crossroads traffic lights is probable by then, Earle indicated.

Other members of the board are Warren Harrold, president; Capt. Harry Oakley, secretary, and Bert Dawson. Paul Myer is legal adviser and acting secretary to the board, and Clarence Betz is the board's tax consultant.

REWORKING PLANS

At last week's special meeting, Architect Jack Buchter presented preliminary plans and sketches of the second fire house. Suggestions were made, and Buchter has since been reworking the plans, Earle reported, adding that the architectural plans are proceeding satisfactorily. Buchter was expected to submit further plans to last night's meeting.

All these developments, when completed, and "the maintenance of proper fire facilities in the district will have a direct bearing on the ultimate reduction of insurance rates," Earle stated.

EQUAL BENEFIT

"The location of a second fire house at Moraga Highway and Orchard Road will be of just as much benefit to the Country Club side as to the Moraga side," Earle emphasized.

"With a second fire house south of the Crossroads, a fire call from this side will mean that equipment from the second fire house will go out, leaving equipment in the Village fire house there. This is added protection to the Country Club section.

"Conversely, the same would be true for the Moraga side when the Village equipment answered a call from its area.

MORE EQUIPMENT

"Also, in case of a really big fire the district would have more available equipment and men with which to fight the blaze.

"And when a third fire house is built in the Sleepy Hollow area, the fire-fighting and fire-protection strength of the district will be increased that much more."

RECOMMENDED

Building of the second fire house, purchase of equipment for it and acquisition of land in the Sleepy Hollow area for a third fire house have been recommended by the Board of Fire Underwriters.

The State Division of Highways recently granted the district permission to install the auxiliary control of Crossroads traffic lights. Operating on a delayed-time basis, it would control traffic lights at the Crossroads so that equipment from the present fire house in the Village could speed unhampered across Mt. Diablo Boulevard on the way to a fire on the Moraga side of the highway.

Award Contract For L.I.D. 21 Job

Martin Bros., construction firm from Concord, was awarded the contract for installation of sewer collection laterals in Local Improvement District No. 21, Orinda-Glorietta area, at the meeting of Central Contra Costa Sanitary District board last week.

Martin's bid was the lowest of the six presented, with a price of $97,122.25 set for the job which will service 450 parcels in the district affected. Second lowest bid was that of P. and J. Artukovich, who tendered an estimated of $97,353.50 for the project, only about $230 higher than Martin's figures.

Other bidders in the order of their bid figures were Oakland Sewer Construction Company, Manuel Smith, Bacich Company and Craig and Joy.

Attorney John Nejedly was authorized by the board to work out a reasonable compromise with William F. McGregor of Hawthorn Drive, Lafayette, regarding the repair of a private road which was used by the district for 10 days in November, 1947.

A resolution was adopted authorizing the sewer inspector to give formal notice to connect properties to adjoining street sewers in accordance with the code of civil procedure in cases where the county health officer shall have certified that a nuisance exists due to escape of sewage.

With terms of Directors Neill Cornwall and Elliott Johnson due to expire, the two offices will be filled at an election set for September 18, the board advised. Nomination petitions must be filed with the district secretary at the Walnut Creek office, August 19 through August 29.

Engineer John Mason was instructed to conduct a survey of a portion of the Haciendas Del Orinda area with a view to possible future formation of a local improvement district there. Residents in the vicinity have expressed an interest in such a project, according to district officials.

HAWAIIAN ATMOSPHERE, including delectable tid-bits of food from the Islands as well as hula skirts and hula dances, plus a full-fledged water ballet, will be prevalent at the Vad Jeltons' estate September 23 when the Orinda Branch of the Children's Hospital holds its luau benefit there. These pictures, taken at the Jelton grounds, show a couple of preparations for the gala event. Above, rehearsing the hula dance, are, in rear (left to right) Miss Gay Bolman, Mrs. Don Sheldon and Mrs. James Small, and, in front, eight-year-old Sylvia Bolman. Below, gathered at the luau serving bowl, are (left to right) Mrs. Woodburn K. Lamb, wearing a holokou gown, and, garbed in muu muu gowns, Mesdames Robert Bolman, Roger Stark and Vad Jelton. Mrs. Bolman and Mrs. Jelton are wearing lauhala hats.

Civilian Defense Still on Agenda Of Civic Affairs

Civilian defense will probably be discussed by the members of the Orinda Association's Civic Affairs Committee when they meet Monday night at Orinda Grammar School, according to Marvin Bonds, association president.

Bonds pointed out that the committee discussed this problem last month and referred it to the association directors, but the directors did not meet in July because of lack of a quorum.

Next meeting of the directors is set for August 28, and, Bonds said, civilian defense will probably be a topic at both the Civic Affairs and directors' meetings.

Sleepy Hollow Group Gets Its Progress Report

An annual progress report has been sent to the membership of the Sleepy Hollow Improvement Association by its president, Dr. James Seaman, outlining the accomplishments of the group.

Included were: The organization succeeded in getting the county to assume responsibility for approximately one-fourth of the roads in Sleepy Hollow; fire hydrants have been installed at strategic points reducing fire hazard; the sewer situation has been thoroughly analyzed and investigated.

Projects started in the old year and scheduled to be completed before June 30, 1951, are: Designing, preparing and installing of new street signs; installation of "Children at Play" signs and other safety measures necessary for community protection; increasing responsibility on the part of the Architectural Board in receiving and approving plans for new residences, and the appointment of a committee to assist the board in policing construction to make certain the restrictions are enforced.

Other officers besides Dr. Seaman are Robert J. Powell, vice-president; Robert L. Boyle, secretary; Don E. Hutchinson, treasurer.

Members of the directing board of the organization are Charles J. Gibbs, Oscar A. Krenz, Howard J. Libby, Joseph D. Nicolet and Mark Noble.

Orinda Survey Seeks Facts on New Church Need

Possibility of a Lutheran church in Orinda, particularly on the Moraga side, is the motive of a survey which has been made by him in recent weeks, according to George K. Attwood.

Attwood, a student at Hamma Divinity School in Springfield, Ohio, whose home is Oakland, has made the survey for the United Lutheran Church in America, which is interested in learning if there is need for another Protestant church in the area.

About 800 personal calls, some 600 of them on the Moraga side, were included in Attwood's house-to-house survey. This week he stated that — not on the basis of the survey — there appears to be a need for another Protestant church.

His findings go to Rev. James P. Beasom of Los Angeles, president of the California Synod, United Lutheran Church in America, who will forward them to the national office of the U.L.C.A.'s Board of American Missions in New York.

Glorietta Improvement Association Plans Party, Seeks 100% Membership

A gala party is being planned by the Glorietta Improvement Association, with the date tentatively set for mid-September. The affair will be a neighborly get-together of residents in the area which is in the association's boundaries.

One hundred per cent membership of residents in the area is the plan of the association, which has just published its first bulletin outlining its organization and program. The non-profit organization covers Moraga Manor, Moraga Glorietta and adjacent area bordering Glorietta Boulevard from Moraga Highway to Sally Ann Road.

APPROVAL OF PLANS

Initially established for purposes of "plan approval" in the subdivisions involved, the association is working to get street signs at all intersections, has sent representatives to keep informed on the formation of the new Local Improvement District No. 21, which covers sewer installation in the area, and has been investigating possibilities of improving road conditions.

The association has just received authority from Moraga Land Company to approve plans for all new residences in Moraga Park, which includes Glorietta and Glorietta Court.

BUILDING ACTIVITY

Members of the association have been asked to notify prospective builders in the area that they must have their plans approved, and to keep the Plans Approval Committee informed of any building activity in this connection.

Officers of the association are: Joseph Creighton, president; Maynard Buehler, vice president; Don Sigerson, secretary-treasurer; Joseph R. Creighton, Richard A. Murphy, J. S. Fraser, Seaver A. Ballard and T. M. Harrer, directors.

COMMITTEE HEADS

Carl R. Muerck is chairman of the plans approval committee, Frank J. Cayting is delegate to the civic affairs committee of the Orinda Association, Frank Sellers is chairman of the Utilities Committee, B. R. Hawks and Paul L. Pollaczek are in charge of the membership committee and Arthur R. Anderson, Jr., heads the party committee.

Signals Adjusted At Crossroads After Slowdown

Crossroads traffic signals were reported back to normal by Assistant District Engineer W. R. Cobb of the State Division of Highways, following an electrical disturbance that boloxed the signals Sunday and slowed Lafayette-to-Crossroads travel to a 40-minute drag.

According to Cobb, who is in charge of the division's traffic department, the disturbance was caused by the Moraga Highway widening in progress at the Crossroads, and the signals failed to allot the normal 90 seconds for through traffic.

However, the signals were readjusted Monday, Cobb said.

A Record? Well, It Ought To Be

High spot on the thermometer reached in Orinda for the week of August 8 through 15 has been reported as 97 degrees on the last day of that period.

Low of 47 degrees was registered the same day, in the very early hours.

A 50-degree jump should be a record of some kind or other, in our book.

Rev. Morrow in Pulpit Sunday

After his month's vacation, spent camping, resting, hiking and fishing, in the High Sierra, Rev. Fred Morrow will be back in the pulpit of Orinda Community Church Sunday to conduct the service, which is still on summer schedule, beginning at 10 o'clock.

The topic of his sermon will be "The Grace of Solitude."

English Foods Shown Rotary

Mat Andrews was guest speaker at the Orinda Rotary Club meeting at Casa Orinda Wednesday, describing some of the conditions in England. A former member of the Orinda service club, Andrews moved to England about six months ago, has returned here for a visit and expects to return to Great Britain shortly.

Andrews revealed some interesting phases of the living conditions abroad, comparing them with those of the United States. He said costs were not as high there as here, but that taxes, which are levied on the manufacturer only, made some articles out of reach of the majority of people.

He reported that the food situation was fairly good. The addition of unrationed poultry and fish to the English menu has done much to ease the food burden.

A sample tray of the quantities of rationed food allowed a person per week was especially revealing. A half cube of butter, one patty of hamburger, three slices of bacon, an orange (if you're lucky, he said) one egg, one-and-a-half ounces of tea and about 12 to 14 cubes of sugar were displayed.

Plans were made at this luncheon session for the visit of District Governor Arch Davison, who will visit the local club on August 30.

Bids for Church Additions Asked By 5 on Tuesday

Bids for construction of the new chapel and additional Sunday school unit for Orinda Community Church have been called for and must be returned by 5 p.m. next Tuesday.

According to Leo Alexander, chairman of the church building committee, the bids are to be received and opened at the office of Ratcliff, Haymond and Ratcliff, 2337 Shattuck Avenue, Berkeley, architectural firm.

Plans of the church trustees and building committee call for a project expected to cost about $45,000, in architectural style conforming with other structures at the church site.

Budget Hearing Today at 10 a.m.

Public hearing on the tentative 1950-51 county budget of $17,307,601 starts at 10 a.m. today before the Board of Supervisors at the Hall of Records in Martinez.

If finally adopted, the new budget will mean a tax rate jump of 23.4 cents to $2.482 per $100 assessed valuation.

Supervisor Jack Cummings, however, has pointed out that of this 23.4-cent increase, 23 cents is due to relief costs being returned to the county by the state and 4 mills is necessary for the county library system.

Charlie Dressen Talks to Lions Next Wednesday

Manager Charlie Dressen of the Oaks, a resident of Orinda, will be guest speaker at the meeting of Orinda Lions at the Willows next Wednesday.

He will tell about his many years in baseball, as coach and player in major and minor leagues, according to Publicity Chairman William Worden.

Lion Tommy Snow is in charge of the program.

Two Orinda Women Return From Canada

Grace Kendall of the Orinda postoffice and Lillian Dorrington of the Orinda School have just returned from a vacation trip to Canada.

New Orinda Residents

Mr. and Mrs. Gerhard Burde and children, Lawrence, 7, and Virginia, 4, are moving to 28 La Campana. They come from Berkeley.

The Bonds Elude Yosemite Bears

Mr. and Mrs. Marvin Bonds and their two children, Patty, 9, and Susan, 5, returned last Saturday from a two-week travel-and-camping trip which took them to Yosemite, Tahoe, Tioga Pass, Reno and Pyramid Lake.

"Yes, we had a good time," Bonds said. "We eluded most of the bears in Yosemite. They raided most of the camps — but not ours."

Jim Doyle, Family To Camp in Yosemite

Orinda Postman Jim Doyle is planning to rough it next week on a camping trip to Yosemite. Planning to accompany him and make things more comfortable are his wife, Alice, and children Patricia, Robert and Dennis.

Orindan Sued For $45,000

On file in Contra Costa Superior Court in Martinez is suit for a total of $45,000 damages against Oscar A. Fogelberg, Orinda contractor, as result of a fatal auto crash May 24 in front of El Nido Rancho.

Mrs. Velma Johnson, 35, of Oakland, asks $25,000 for the death of her mother, Mrs. Emma L. Mustoe, 62, of Los Angeles, and $5,000 for her own injuries. Her husband, Herman Fred Johnson, 40, asks $15,000 damages.

In addition to Fogelberg, who lives at 140 Las Vegas Road, Henry Mozesson of Berkeley and M. A. Pecks of Berkeley are named as defendants. Pecks was owner of the car driven by Mozesson .

According to the complaint, the accident occurred when Mozesson was pulling onto the highway, and when Fogelberg, operating a pick-up truck, tried to drive around this car and crashed into the Johnson car.

Orinda Chamber Holds Meeting

The new Orinda business directory and membership in the Chamber organization were among topics discussed at the Orinda Chamber of Commerce luncheon meeting at Casa Orinda yesterday noon.

10-Ft. Side Yard OK'd for Miller

W. J. Miller was given permission to have a 10 foot side yard, R-A district, Lot 3, Block O, Lake Orinda Highlands on Camino Del Diablo, by action of the Board of Supervisors Monday following its consideration of the planning commission's affirmative recommendation.

SPORTS

From the Sidelines

King Football to Mount Throne Soon—Outlook Is for a Fast, Strong Season

By COACH ERWIN MATTSON

THE OPENING OF SCHOOL is not far away and with it come thoughts of King Football, who will soon hold forth in all of his regal splendor.

The professional aspect gives an early preview as they take to the gridiron this coming Sunday at Kezar Stadium. San Francisco's 49'ers tackle the Washington Redskins in an exhibition game which should attract a better than average crowd.

TO MANY IT'S STILL BASEBALL season, but only a few short weeks will find the sports pages turning from the horsehide to the pigskin. The dark cloud of war dampens the picture, and the approaching season will find the public going all out in what they figure to be a last fling or going to the other extreme and staying away.

THE FACT REMAINS that pro ball should put on its greatest shows, what with the combining of the All-American and National Leagues.

I say "show" because, dissenting opinion to the contrary, a good part of it is show with emphasis on fan entertainment. Winning is important but the show part still comes first.

College ball may not be as flashy but the primary emphasis is on that win. College loyalties will supply the necessary ingredients to make up for the lack of showmanship, such as 40-yard field goal attempts when trailing by three touchdowns in the fourth quarter!

THE WARM WEATHER of the past week has coaching staffs hoping for more of the same. Such weather is conducive to good conditioning, so important in early training.

THE HIGH SCHOOLS of Contra Costa get under way the last week in August with call going out for the squad candidates to report for physicals and the issuance of gear.

Contra Costa appears to be in for one of its better pennant races and the winners difficult to pick at this stage of the game. The League will consist of the usual five elevens with Acalanes, Alhambra, Antioch, Diablo, John Swett and Pittsburg fielding contenders. Next season finds Albany entering the picture to make for a six-team league. Albany's admittance to the league was at such a late date last spring that it was impossible to change the football schedule.

Preliminary signups held at the closing of school indicate that better than a hundred, not counting freshmen, will be on hand for the opening practice set for September 1.

ON PAPER it appears that the Dons' main strength lies in the return of veteran backs, with the main problem coming in the development of a first wall which was decimated, to say the least, by graduation.

Plans call for a double session as far as workouts are concerned during the first two weeks until school officially opens.

EARLY PRACTICE is necessary in order to get in the required three weeks of training prior to the opening game here against El Cerrito on Friday night, September 22.

The dual session will find the line working in the morning from 10 to 11:30 and the backs in the P.M. from 1:30 to 3. The backs and line will take the field together from 7 to 8:30 at night.

EMPHASIS in the day session will stress individual fundamentals and conditioning drills, while the evening drills will find the players concentrating on team play.

THE EARLY SEASON will no doubt find a great deal of shifting of personnel in order to find the best working combination. One of the major problems is building depth in each position, in view of the fact that under the modern substitution rule a team in reality is as strong as its second string.

The double session will also enable the coaching staff to spend more time on individuals at a time when it is most important. All players work together for the first week of drill, and squad divisions will come as players are divided on the basis of ability.

FROSH WILL DRILL the first week in sweat clothes with emphasis on fundamentals and not on contact work, which will come as they prove themselves.

The end of the second week of practice will find squad cuts being made in order to get squads into workable units. Competition is bound to be keen with so many positions wide open.

MUCH WORK remains to be done prior to the El Cerrito game and it will take hours of drill. Much depends on the mental attitude of the player—good attitude and hard work always result in a good team. Rest assured, the work will be there—and, knowing the players returning, the attitude will be O.K. The J.V. team went through an undefeated season and that means that they possess that important "will to win."

NOTICES are being sent to players this week in regard to physical examinations and the issuance of equipment.

Next week I plan to start a preview of the teams in the league and what their prospects are on paper.

Camera Club Has Prints Contest

The Contra Costa Camera Club had its regular competition in black and white standard prints at Orinda Community Center last week. The judge was Lou Roberts.

Awards in the salon group went to Ben Randall for all three first places. In the advance division first place was won by Mrs. J. J. Lindsey, second place by Jack Davis, third place also by Davis, fourth place by Guy Spencer and fifth place by Howard Allen.

In the beginners' group first place was won by Jerry Winfrey, second by Con Lilligard, third place by Jule Lindsey, fourth place by Irene Spencer and fifth place by Jack Greenlau.

Ben Randall won second place in the recent inter-club print contest of the Northern California Camera Council with his picture "Children of the Backwoods," taken at Old Mountain Home near Mountain Ranch out of Angel's Camp.

Challiss Gore of the C.C.C.C. also won recognition in the week's award in the Chronicle picture contest with his picture of his baby grandson looking at a funny book. The Chronicle's caption under it was "What Nonsense!"

PROTECT SIDEWALLS

Care should be used to prevent scraping of tire sidewalls against the curb when parking or moving away, warns the California State Automobile Association. Scraping of sidewalls weakens the tire carcass, thereby increasing the blowout hazard.

Explorer Scouts Scale Peaks of Barnard, Whitney

The much-coveted achievement of scaling the peaks of Mt. Barnard and Mt. Whitney in Southern California were gained by two local residents during July when Bob Delareuelle and his son, Charles Ostrom, of Juanita Drive, Sun Valley, led a group of Explorer Scouts on a 10-day trip with its ultimate goal the two mountain tops.

Most of the group were from Oakland, but one other Scout, David Todd, hailed from Walnut Creek.

STARTED BY TRUCK

The expedition, which started from Walnut Creek by truck, took in an overnight stop at the Oakland Boy Scout camp, the Diamond O, in the Sierras; then a trip through Tuolumne Meadows, and over the Tioga Pass Road. The actual hike, of a 10-day duration, started from a point in Onion Valley near Mt. Whitney. The Explorers, who range from 13 to 22 years of age, covered a distance of 92.2 miles on the hike. Some of the boys took in a few side trips, therefore covering several more miles.

During the trek the hikers went through three extremely interesting mountain passes. They hiked through Keersarge Pass, which reaches a height of 11,280 feet; Glen Pass, at a height of 12,000 feet, and Forester's Pass, at 13,000 feet. On climbing Mt. Whitney, the Explorer group had scaled the highest peak in the United States, 14,502 feet.

LAKE TALAIMO

Lake Talaimo, probably the highest lake in the United States, was viewed by the group at 12,803 feet. The boys were impressed by the beauty of this glacial lake and bravely used it for bathing.

EARLY HUMAN HABITATION

Evidence of the earliest human habitation on this continent was discovered near the little town of Folsom in northeastern New Mexico.

Vacation at Carmel

Mrs. Louis Dezzani and her daughter, Gloria, of Bickerstaff Street, vacationed recently at Carmel.

Meet Adam Lauber and friends...

They're putting $800,000,000 into new gas and electric facilities for you

Adam Lauber, tailor in Redding, invests part of his savings in P. G. and E. stock and, along with 164,000 other stockholders, becomes an "owner" of P. G. and E. No individual, however, owns as much as 1/10th of 1% of P. G. and E. stock.

If you've been thinking about the cost of new P. G. and E. dams, power plants and transmission lines, then you'll realize how important these people really are. For it is their investment and that of thousands of others in P. G. and E. stocks and bonds that is financing the Company's vast post-war building program. It is the savings of these stock- and bondholders that provide the $800,000,000 necessary to produce more power and heat for fast-growing California.

From their investment come other benefits: A payroll of almost $69,000,000 flowed into 385 local communities last year, and provided 16,572 people with steady jobs at good pay. Schools, roads and cities also benefited from P. G. and E. taxes which, last year, were more than $40,000,000!

Finally, this investment makes it possible for P. G. and E. to carry out a building program which will double our pre-war electric capacity by next year...a program to assure ample power and gas to you and 5,000,000 other Northern Californians. And rates are among the lowest in the nation.

Myron E. Harman, Redwood City, Insurance. He is another "owner" of P. G. and E. More than 360 insurance companies invest in P. G. and E.—to the extent of almost a million and a half shares. They, as does Myron Harman, believe in the future of the West.

Joe Lagomarsino, Jackson . . . one of several thousand employees who are also "owners". He's worked for P. G. and E. since 1916, and today is foreman of our Electra Power Plant. He has been saving his money by buying P. G. and E. stock for 34 years.

Zenobia Hampton, Sonora, has been an "owner" of P. G. and E. for 25 years. Her investment not only helps support her, but helps develop the county in which she lives. P. G. and E. pays almost one-third of the total property taxes in Tuolumne County.

PACIFIC GAS AND ELECTRIC COMPANY

Best way to spruce up a telephone is with a soft, dry cloth...never with water, or any other liquid.

HOW TO TREAT YOUR TELEPHONE

Suggestions to help protect your service

1. A twisted cord can lead to trouble. Although the wires are especially designed for flexibility, too many twists and kinks may eventually break them and interfere with service until a repairman can call. Good idea to get the curls out by letting the receiver dangle and unwind by itself . . . then keep them out by remembering, each time you call, not to put turns in the cord as you handle the receiver.

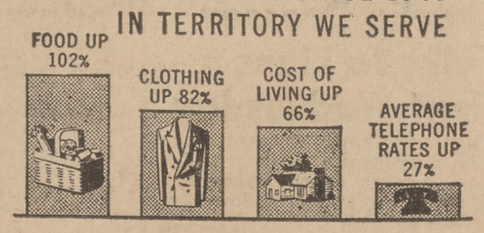

2. It's built to take it . . . but your telephone can develop ailments if it's dropped. So make sure the stand it sits on is solid and is in a spot where it won't be accidentally bumped. Other ways to help protect service: Avoid "gadget" attachments for your telephone . . . keep cords clear of doorways where they may be pinched . . . and always keep water away from wires and fittings.

3. Did you ever stop to think that your telephone is one service or piece of equipment in your home that's repaired and maintained for life at no extra cost to you? It's one of the values included in the rates you pay for service . . . rates that make your service a real bargain today. For the telephone takes an even smaller part of the family budget than it did ten years ago. On the average, rates have gone up less than half as much as the cost of living generally.

FOURTH ANNIVERSARY of the Multiple Listing System was celebrated last week by members of the Contra Costa Real Estate Board at a Mart birthday breakfast at Las Palmas Hotel, Walnut Creek. The group is shown here about to board a bus on its regular weekly inspection tour of available properties. —SUN photo by Victorina Willson

Grand Theft Charge Results from Swim Pool Plan Remaining 'Hole in Ground'

Where private swimming pools were planned for three homes in this area, only holes in the ground exist, according to the sheriff's office. The same is allegedly the case for a number of other homes in the general area and on the Peninsula.

This fact plus the fact that the contracting firm has "folded up" are the background for a grand theft complaint signed by Mrs. Ruth Davidson of Walnut Creek against the erstwhile contracting firm of Ames and Seefloth, Berkeley, Inspector Norman Wilson reported this week. Mrs. Davidson charges she paid $1,700 to the firm for a swimming pool which never got beyond the hole-in-the-ground stage.

WARRANTS ISSUED

Judge Clifford Thomson in Walnut Creek issued warrants Tuesday for Charles Ames and Fred H. Seefloth, the inspector said. Seefloth had gone to Sacramento, and was apprehended there, where he was being held in the county jail pending release on bail or transfer to Contra Costa custody. Ames was in Berkeley, according to Wilson, and was to be served with a warrant.

Local residents who were in the "hole-in-the-ground" predicament were, Wilson said, L. G. Hooper of 15 El Sereno, Orinda; J. A. Siebert of Los Arabis Drive, Lafayette, and R. G. Danska, 12 Arbor Road, Hidden Valley, Lafayette. Investigation had not shown the extent of the financial loss of each of these, the inspector added.

CLAIM LOSS

Wilson explained that the contracting firm had arranged for construction of swimming pools and had collected money from individuals, for a total of between $50,000 and $60,000 on the Peninsula and around $20,000 in this general area. The firm then went "broke," the contractors claiming they lost some $55,000 or $60,000 by such bad steps as bidding too low on projects.

Investigation showed, according to Wilson, that among the amounts allegedly paid -to the firm for swimming pool construction were, in addition to the $1,700 for the Davidson pool, sums of $900 and $1,000.

Mrs. R. H. Ward, Son Vacation at Medina

Mrs. Richard H. Ward of Boyer Circle, accompanied by her young son, Gordon, has been vacationing at the Medina, Wash., home of her parents, Mr. and Mrs. Gilbert Skinner.

Mrs. Skinner's sister, Mrs. J. L. Burke of Claremont, has also been a summer guest.

Local Grownups Active in Plans for Kids' Fairyland Now Being Created

By CARRIE L. BROWN

With whimsey, imagination and a love for little folks, the Children's Fairyland, in which Orinda and Lafayette residents have an active role, is being created in Lakeside Park, Oakland.

The whole idea is the "brainchild" of William Penn Mott, Jr., of Orinda, who is superintendent of the Oakland Park Department, and who, because of his work on this project, has recently been given an honorary life membership in the Lake Merritt Breakfast Club, the sponsoring organization. (Only three honorary life memberships have been awarded, including the one to Mott.)

Scenes from familiar tales in Mother Goose, fairy stories and children's classics will be imaginatively reproduced in balsa wood and other materials in the gayest of colors, and will be animated by real, live animals and tiny people in picturesque costumes.

THROUGH THE SHOE

Entrance to Fairyland will be through the shoe in which lived the Old Lady who had so many children she didn't know what to do. The little old lady herself will collect the nine cents admission fee to Fairyland. All adults will have to scrouge down to get in, and, of course, must be accompanied by a child.

Through paths lined with cement mushrooms of fanciful size and aisles of tall balsa board flowers, the children will see the brick house of the Three Little Pigs and in their pen the live pigs themselves. Old Billy Goat Gruff will be there, and the bridge he was smart enough to get over in spite of the mean old Troll seen lurking under it. Three little men in their rub-a-dub-dub tub will be there. In a windmill Little Red Hen and her bantam chicks will have their home and will be seen importantly scratching around.

NOAH'S ARK

The gayest Noah's Ark one ever saw will have cut monkeys playing around it, and make-believe long-necked giraffes sticking their heads out the windows along with other famous beasts. The figure of the Jolly Miller will be beside his mill on the pond where a family of ducks will swim. A real Peter Rabbit will have his home in a fir tree, with a little fenced-in garden, cabbages and all, around it. Goosey Goosey Gander will have her two story house to wander through. A dear little white lamb will be there with Mary, one of the midget girls in adorable costtume.

The children will be fascinated with the Hickory, Dickory, Dock set. There will be a clock just tall enough with its hands set at five minutes to one, but as they gaze into its face they will see a live mouse turning a wheel around and around. It will be so cleverly geared, that when the wheel has gone around 10 times the clock hands will move and the clock strike one!

WILLIE THE WHALE

For a great, big, immense thrill, there will be the going down into the body of 16-foot Willie, the Blue Whale. They will think down there they are seeing an ocean full of fish, but they will be looking into a four-foot plastic bubble which will astonishingly magnify the many bright tropical fish within it.

By this time the children may be hungry. If so, they can buy food from the pumpkin home of Peter, Peter, Pumpkin Eater, Peter being one of the midgets.

Then, too, there are those necessary comfort stations but they will be concealed behind a wall 60 feet by 9 feet, on which will be painted scenes illustrating rhymes like Humpty Dumpty, Old King Cole the Cat and the Fiddle, Barber Barber, Shave a Pig, Sing a Song of Six Pence, and other favorites.

PHONOGRAPHS

It is hoped to have small phonographs concealed under the mushrooms and behind the flowers, Canterbury bells, which when a penny is dropped will start the playing of a song or story just loud enough for little ears to hear. No loud, harsh and confusing sounds like those in front of a circus concession!

This delightful and unique Fairyland, for there isn't another like it in the world, will be ready by September first. At a cost of $50,000, it has been made possible by the generous support of the City of Oakland, which maintains a crew of seven men working on it all the time; by the Park Department, sparkplugged by Superintendent William Penn Mott, Jr., who conceived the whole idea, and who has a crew of engineers and landscapers at work there, and by many organizations, beginning with the Lake Merritt Breakfast Club two years ago when Ralph York of Lafayette was president of it.

BENEFIT TEA

On March 25 of this year, the Epsilon Sigma Alpha Sorority gave a benefit fashion show and tea in Capwell's tea room at which Mrs. Charles Smith was chairman, assisted by Mrs. Andrew Catherall, both of Orinda. This affair netted the group $250, which they contributed towards the building of Fairyland's "Little Red Schoolhouse."

Many other groups in Oakland and this area will have as one of their projects this year the raising of funds for their contribution to Fairyland. Many merchants, too, among them Richard W. Breuner of Orinda, have generously contributed, as well as a number of individuals. More features will be added as ingenuity and imagination dictate and as funds accumulate.

MODELS OF SETS

All the models of the sets on a one-inch-to-a-foot scale were designed by the imaginative and clever artist, W. Russell Everritt of Lafayette. The sets will be constructed from these models right on the grounds, which are north of the bandstand. They will all be permanent structures, strongly built. The animals used will all be carefully fed and cared for.

The present plan is for the Children's Fairyland to be open from 10 o'clock to dusk on Wednesdays through Sundays.

The other great attraction to children in the park is Acorn Railroad Train, but this is at the end of the park nearest the Auditorium and is a treat for another day.

5 Jobs—You've Until 25th to Apply

Competitive examinations for five classes of employment are announced by the Contra Costa County Civil Service Commission, according to F. E. Emery, executive secretary.

Assistant County Building Inspector, a position paying a monthly salary of $392-$470, requires a twelfth grade education, six years of experience in a construction trade, and two years of experience as a building inspector. A bachelor's degree in civil, structural, or mechanical engineering may be substituted for the construction experience. County residence is not required.

Supervising Plumbing Inspector and Supervising Electrical Inspector, both of which pay $374 - $449 monthly, require a twelfth grade education, six years as a journeyman or contractor in the plumbing or electrical trade, and two years experience as a building inspector. County residence is not required.

Building Inspector, Structural, requires a driver's license, completion of the twelfth grade and six years experience as a journeyman or contractor in a construction trade. Applicants for the position, which pays $341-$410, must have been county residents for the past year.

Applicants for Medical Social Worker must have graduated from a recognized college or university and either completed two years of graduate study in medical social work or one year of graduate study and two years of experience in medical social work. The pay is $284-$341 monthly. County residence is not required.

Applications for these positions must be filed by August 25. Applications and additional information may be obtained at the Commission Office, Room 229, Hall of Records, Box 710, Martinez.

Central Bank Ups Its Rank

In the past six months, Central Bank has advanced from 151st place among the largest banks in the United States to 137th place, according to the official compilation released by the American Banker, daily banking newspaper published in New York. This is the highest rank it has ever held.

The bank's main office is located at 14th and Broadway, Oakland, with 10 branches strategically located throughout the East Bay area, including the Lafayette branch.

ORINDA SUN

Phones: Orinda 2118 Lafayette 2222

HERMAN SILVERMAN ..... Editor and Publisher
Eleanor Silverman ..... Associate Editor
SUBSCRIPTION RATE: $3.00 per year; $1.75 for 6 months in advance. Sun Publishing Co., P. O. Box 806, Lafayette; P. O. Box 147, Orinda. Member of California Newspaper Publishers Association and National Editorial Association. Entered as second class matter June 17, 1943, at the post office at Lafayette California, under Act of March 3, 1879.

• then, figure it out for yourself:

• it costs you a minimum of $2.10 to an average of $7.15 every time you go through the tunnel to do your shopping.

• this is just for "operating expenses" — before you do any shopping . . . here are the cold facts:

Baby Sitter, 6 hours at 50c	$3.00
(most day sitters charge more)	
Lunch for sitter	.30
Gas, oil, depreciation, 30 miles at 7c	2.10
Parking lot charges	.75
Lunch	
Salad and Coffee	.75
Snack (pie and coffee)	.25
GRAND TOTAL	$7.15

• if you have no other operating expenses but lunch (or a snack) and gas-oil-tires for your car, your bill will run $2.75. Deduct the baby sitter and her lunch and your trip will cost $3.85.

• this, of course, does not include a return trip to exchange merchandise . . . or a telephone call . . . or the many inconveniences of bucking big city traffic and crowds.

• your hometown merchant offers the same nationally-known merchandise at established prices . . . many times you can buy the same goods or services for LESS right here at home . . . because your local store may have a lower overhead than the stores in the big towns.

Teeter Head of Advisory Group

County Auditor-Controller D. M. Teeter has been appointed chairman of a new statewide advisory committee on local government financial reports.

Teeter was named to the post by State Controller Thomas H. Kuchel. The advisory committee was established by the act of the Legislature.

Purpose of the new committee is to aid the state controller in collecting financial reports from the state's approximately 5,000 separate political entities.

Patronize Hometown Merchants.

Local Residents Helped in Project

Residents of this community are prominent among donors to the Children's Fairyland being built in Oakland. Here is a list of those from this general area who have donated to the project:

Lake Merritt Breakfast Club members—William Davis, Orinda, past president; C. J. Duncan, Lafayette; Karl Goeppert, Lafayette, past president; George C. Haas, Orinda; Harvey B. Lyon, Lafayette; H. F. Schaldach, Orinda; Ralph W. York, Lafayette, past president; Ellard Slach, Lafayette; L. S. Budo, Herman Jonas, Ward B. Kammerer, Dr. Carl Norheim, O. A. Osmundson and Frank Stropponi of Walnut Creek; Ray Henry of Alamo.

Individuals—D. L. Feathers, Lafayette; Mrs. Walter Brains, Orinda.

Organizations—Orinda Garden Club.

Businesses — Walnut Creek Hardware, Sun Valley Lumber, Elmer Hansen, Bruce McCollum.

Designer of models for Children's Fairyland is W. Russell Everritt, Happy Valley. In charge of the entire project is Superintendent of Parks of Oakland William Penn Mott, Jr., of 62 Ardilla Road, Orinda.

Letters to the Editor

Dear Sir:

I would like to clarify in the minds of your readers some of the motives for developing the 1950 Walnut Festival Art Show. A number of people are asking questions like "Why is the Art Show bringing a lot of outside art into the area?"; "Why doesn't the Art Show do more to promote the local artists?" and "What good does it do to show a lot of paintings that the public doesn't understand?", etc.

In answering these questions I would like to state that the foremost objective of the Walnut Festival Art Show is to promote the welfare of the practicing artist in the community and to stimulate public appreciation for his work. The sponsors of the Art Show feel that this can best be done by promoting a show of high artistic standards in which his work may be exhibited. In this year's Art Show there will be a section arranged by the Diablo Art Association in which the best works of its members will be exhibited. Inasmuch as the membership of the Diablo Art Association now includes most of the people of the Central Contra Costa community who are interested in the practice of the arts, it should be obvious that the local artists will have ample opportunity to display their work free of the competition of outside big name artists.

Further, the sponsors of the Art Show feel that by bringing high quality art to the Festival (no matter where it is produced) they are rendering the community a commendable cultural service. There are many people in our community who do appreciate art and although the value of art is sometimes not readily apparent to the man on the street its effect on our social structure is so far reaching that it deserves deeper public consideration. In this year's Art Show professional artists and lecturers will be present in the galleries to explain the motives of the artists and answer questions of the public. Also the general public will have some say as to how the prizes are awarded by casting a ballot to determine the most popular painting. This painting will receive an award of $150.

In reality the exhibit of paintings, which by nature must be somewhat controversial, is only a section of the Art Show. The festival visitor can no doubt find much to enjoy in the exhibits of Architecture, Photography, Ceramics, Weaving, Creative Jewelry, Children's Art, Woodcarving, Sculpture and other expressions of art.

GUERNSEY FORD
Director, 1950 Walnut
Festival Art Show

Dear Sir:

Many residents of Lafayette and Orinda have been to New York, and know about its 7,500,000 people, its skyscrapers and famous streets—Fifth Avenue, Park Avenue, 42nd Street, etc. How do they describe New York to you?

A three-day "date" with Manhattan gives travelers the feeling of perpetual motion. Ceaseless flow of traffic, unforgettable fascination, colossal, superb, dramatic, magnetic, immense, massive . . . . these are only a few words used to describe New York and New Yorkers' habits.

Actually, New York has four airports, six beaches, 12 government buildings (city, federal, state), 33 principal churches, four colleges and universities, 26 museums and parks, 14 stadiums, and 13 "tallest" buildings.

Times Square at night is so uniquely lighted by its vari-colored lights from scores of theaters covering 10 blocks that there seems to be no night at all.

Central Park, the largest and most popular Manhattan park comprises 840 acres. The park contains a zoo, Cleopatra's Needle (Egyptian obelisk), several lakes for boating, and miles of shaded drives, footwalks and bridle paths.

Central Park, Park Avenue gardens, International Gardens atop British, French and other buildings, the Fifth Avenue elm trees, the Rockefeller Channel gardens, Broadway's Bowling Green—all of these and many similar spots where man and nature meet give rest from the tower'd city "and the busy hum of men."

YOLANDA BERGAMINI
New York.

'Copter Crash Injures Six at Buchanan Field

Suddenly transforming an otherwise gay afternoon into one of near-tragedy, a helicopter about to make a landing crashed into a parked plane at Buchanan Field's fourth anniversary air show last Sunday.

When airport officials tallied the human toll amidst the resultant wreckage, they found six persons injured. One of these, Mrs. Antoinette Viscusso, 43, of 333 East Ninth Street, Pittsburg, was still in critical condition Tuesday afternoon at the County Hospital in Martinez.

The other five persons were not seriously injured, and were released after first aid treatment.

PLUMMETS INTO PLANE

The accident, in which the helicopter apparently went out of control and plummeted into a parked Cessna 120 cabin plane, was witnessed by over 8,000 spectators at the show. Mrs. Viscusso and three other persons — Fred Edwards, 30; his wife, Anna, 26, an expectant mother, and James Shepardson, 39, all of Berkeley — were sitting in the shade of the parked plane when the helicopter crashed into it.

The pilot of the helicopter, James Watriss, 29, of San Mateo, sustained minor injuries, as did his passenger, William F. Larkins, 28, of Concord, a photographer. They and the three Berkeley victims were treated at Concord Hospital.

OPERATED ON

Apparently hit in the head by the 'copter's big rotor blade, Mrs. Viscusso was taken to the County Hospital, where she was said to be suffering from a fractured skull, brain concussion and possible internal injuries. She was operated on Monday afternoon, and on Tuesday afternoon hospital attendants described her condition as still critical.

An investigation into the crash was being conducted by the Civil Aeronautics Authority. The helicopter was owned by the California Helicopter Company at San Francisco Municipal Airport. The Cessna, owned by the Tom Davis Flying Service, was valued at $3,500.

Up to the time of the accident, the fourth anniversary show had gone along on schedule. Visiting planes totaled 175, and events included bomb dropping, balloon bursting, paper cutting, demonstrations of gliding and of air-to-ground communications, displays of military equipment, airplane flights and motion pictures.

Ben Davis to Talk To Art Group on Design in Home

Next general meeting of the Diablo Art Association will be held on Tuesday evening, August 22, at 8 o'clock, at Jelletts' Interiors in Lafayette. Mrs. Eleanor Condon, chairman of the ceramics section, will introduce Ben Davis, manager of Jelletts' and guest speaker, who will talk on "Creative Design in the Home."

Davis originally majored in architecture at the University of Washington. His interest then turned to interior design.

There will be a special business meeting September 12 at the Coast Counties Gas building for the full membership, to coordinate activities for the display by the association in the 1950 Walnut Festival Art Show. Entry blanks may be obtained at the Craft Shop in Lafayette, Mrs. Eleanor Condon's studio in Saranap or at Lytle Company or the Brass Lantern in Walnut Creek.

Crash Injuries Fatal to Woman

Mrs. Nora Nelson, 56, of San Diego died August 6 at Permanente Hospital as the result of injuries received in a head-on auto crash on Mt. Diablo Boulevard east of Orinda Crossroads, near Charles Hill, on July 17.

Mrs. Nelson was in the eastbound car driven by her husband, Morris Nelson, 64, when it collided head-on with the west-bound car driven by Mrs. Leota Crowe, 25, of Berkeley. In the car driven by Mrs. Crowe was her mother, Mrs. Mabel Lewis, 64, of Berkeley.

All four were seriously injured and were taken to Permanente Hospital.

TALKS ON ISOTOPES

Use of radioactive isotopes in dentistry will be the subject of three lectures to be delivered at the Veterans Administration Hospital, 42nd Avenue and Clement Street, San Francisco, next Monday and Tuesday. The lectures will be given by Dr. H. J. Bartlestone of New York.

Drive very carefully — the life you save may be your own.

Breuner Heads EBMUD's Board

Louis J. Breuner, retired merchant and civic leader is the new president of the Board of Directors of the East Bay Municipal Utility District, according to an announcement by A. C. Carrington, district vice president. Breuner succeeds Francis E. Boyd, who has resigned the presidency due to a recent illness and the increased pressure of his own personal business affairs. Boyd will continue as a director of the district.

The Breuners reside in Oakland. Two married daughters, Mrs. Stanley Johnson and Mrs. Donald Richards, make their homes in the Orinda-Lafayette area.

Possible Loophole in Zoning Law Is Subject of Hearing Tuesday Night

Plugging a possible loophole in the county zoning ordinance will be the theme of a public hearing before the Planning Commission at 9 p.m. next Tuesday in Room 210 of the Hall of Records, Martinez.

Springboard for commission deliberations will be a Board of Supervisors order of some weeks ago regarding suggestions on revisions to the Master Zoning Ordinance with reference to lot sizes. The subject came up before the planners July 25, when the August 22 hearing was set.

HERE'S THE PROBLEM

Briefly, the problem as presented to the supervisors by the San Ramon Improvement Association, is as follows:

A land owner residing in an area zoned for half-acre homesite lots who owns a three-quarter-acre site could, if he wished, build a house on a quarter acre, sell the remaining half-acre to a homeseeker — and, presto, you'd have two homes on three-quarters of an acre in an area zoned for half-acre homesites.

40 INSTEAD OF 20

According to Attorney Dana Murdock of the Tinning-Delap Martinez-Richmond law firm, representing the San Ramon group, this process could be repeated until 40 homes would be located on 10 acres of land on which no more than 20 homes would be expected.

Changes in some of the ordinance's wording, to block this possibility, are suggested by Murdock and the San Ramon association. The suggestion is contained in a letter to the supervisors from Murdock.

SUGGESTION

Murdock and the association cite advice offered in October, 1948, to Tom Heaton, planning commission technician, by Walter H. Blucker, director, American Society of Planning Officials:

"Every lot (size as zoned) shall be occupied by a single building or a building and its accessory buildings and that such lots or parcel of ground may not be subdivided so as to reduce its area to less than that required by the ordinance for the particular building or building and accessory buildings."

J. C. DEFENSE PLANS

Bert Coffey, Richmond, member of the Board of Trustees of the Contra Costa Junior College District, has announced that college officials and members of the board are making plans for a defense-education program to assist the cities of the county in the total defense effort.

"At the present time we are in the process of studying the need for such a program," said Coffey. "During World War II, junior colleges throughout the state did much to develop defense training programs. We want to be in a position to help if the communities desire it."

HEALTH DEPARTMENT

Proposal that the County Health Department be covered by contract for medical, dental, nursing and sanitary services performed for high and elementary school districts in the county is under study by the district attorney's office. District Attorney Francis Collins has been instructed by the Board of Supervisors to make such a study.

The supervisors were told by County Health Officer Henrik L. Blum that the health department ought to have contracts covering these services.

INVITED TO TESTIFY

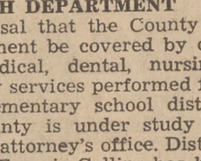

Chairman W. J. Buchanan of the Contra Costa County Board of Supervisors was one of the county's representatives invited to testify at last week's public hearing to consider navigational aspects of a proposed Richmond-San Rafael bridge.

Called by the Corps of Army Engineers, the hearing was held August 9 at Richmond City Hall ,and was arranged by Col. F. S. Tandy, district engineer, and the California State Chamber of Commerce. Mayor D. M. Bradley of Richmond and Pere Woodcock, general manager of the Richmond Chamber of Commerce, were other Contra Costans invited to testify.

NO $1,000 GRANT

Although the Native Sons and Daughters of the Golden West has been named the official representative of Contra Costa County at the California Centennial celebration in San Francisco next month, the supervisors have denied the organization a $1,000 grant with which to prepare and present a float at the fete.

NEVER TOO LATE
TO INSUL-ATE

WITH PALCO INSULATION WOOL

Most of us like to keep refreshingly cool in summer—comfortably warm in winter. That's why so many owners, today, are *Temperature Conditioning* their homes with PALCO WOOL Insulation. Regardless of weather, hot or cold,—or the age of your home, whether it's young or old—it's not too late to insulate.

Job Protection For Servicemen

Anyone in Contra Costa County now entering or re-entering the nation's armed forces is entitled to be restored to his job if basic requirements of Federal law are met, according to J. W. Hammond, County Veterans Service Officer.

In his capacity as local reemployment rights committeeman for the U. S. Department of Labor, Hammond has received numerous questions along this line from veterans, employers and potential servicemen.

The recent extension of the Selective Service Act of 1948 made no change in the reemployment provisions of that act except to lengthen eligibility to persons entering service before July, 1951, he pointed out.

$37,131 Damages Asked by Victims

Outgrowth of an auto collision near Pittsburg in April, damages totaling $37,131 were sought in Contra Costa Superior Court last week by Mr. and Mrs. Albert Papez, Pittsburg, naming Harold E. Macy of Lafayette and Oscar A. Schlesinger of Piedmont as co-defendants.

David Papez, 4½-month-old son of the plaintiffs, died the day after the crash from injuries incurred. His mother was also injured.

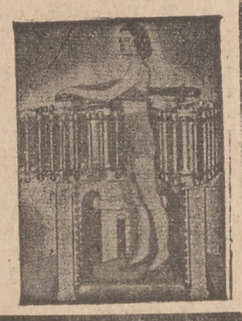

The car Macy was driving when it figured in the collision was registered to Schlesinger, electrical engineer, who was also hurt in the accident.

Papez and his wife are seeking $25,131 for their baby's death and Mrs. Papez is asking $12,000 for her injuries.

CLEAR WEATHER ACCIDENTS

Bright, sunshiny weather, ideal for vacation motor trips, does not lessen the chance of highway accidents. Three out of every four traffic mishaps occur in clear weather, on dry pavements.

Those granted o.k.'s on residences and garages were:

A. T. Wiemken, owner, $8,580, portion of Lot 115, Glorietta Boulevard and Longview, Laguna De Los Palos Colorados, builder John Odegard, Concord.

Fred T. Wood, $9,972, Lot 23 Kenmore and Lost Valley Drive, Moraga, builder, Lee Center, Orinda.

Fred T. Wood, Inc., $8,664, Lot 33A, Lost Valley Road and Snow Court, Lost Valley Estates, Moraga, builder Lee Center, Orinda.

F. L. Zorzie, owner and builder, $8,400, Lot 527 Via Floreado and Las Vegas, Haciendas Del Orinda No. 5, Orinda.

Louis Barr, owner and builder, Bailey Construction Company, Lafayette, $8,340, Lot 15 Orinda Court, Orinda Vista Tract, Orinda.

Richard Hale, Oakland, and Builder D. C. Peacock ,Jr., Orinda, $7,956, Lot 37, La Espiral and Las Palmas, Hacienda Del Orinda.

G. Erwine, $13,326, Lot 7 Moraga Court and Moraga Highway, Moraga Manor, builder W. Huber, San Francisco.

Owner and Builder R. Hamilton of Oakland was given permission to build a single residence in Camino Del Diablo area, $7,758, and o.k.'s on residence additions were granted two owners, R. S. McCarter, Orinda, who will also be builder, $900. No. 48 Sanborn Road, and owner Thomas A. Moore, Orinda and builder Gunnar Soder, Lafayette, $2,700, No. 25 Valley View Drive and Moraga Highway, Moraga Woodlands.

Daughter, Husband At Challiss Gores'

Maj. and Mrs. Edwin R. Shirey and small son Bill of Los Angeles have been visiting Mrs. Shirey's parents, Mr. and Mrs. Challis Gore of La Vuelta, for a week. Next week the Gores anticipate a visit from their daughter, Judith Hogness, and her husband, who have been vacationing in Seattle.

McFarlands Return From Laguna Beach

Mr. and Mrs. John McFarland and their children Scott and Mary recently returned from two weeks at Laguna Beach, where they enjoyed the swimming. They returned home by way of Yosemite.

Junior Guild Brunch At El Nido Sept. 10

A chuck wagon brunch at El Nido Rancho has been planned for September 10 by members of Capistrano Branch of Providence Hospital's Junior Guild. Mrs. James P. Casey will be general chairman of the affair, assisted by Mrs. Norman Bell.

Jones' Enjoy Tahoe Vacation

A Lake Tahoe vacation was enjoyed by Mr. and Mrs. Eugene Jones with their children Katy and Chuck. During their absence their home was occupied by Mrs. Jones' mother, Mrs. M. G. Embleton, and an artist friend, Mrs. Booth of Berkeley.

Mrs. Booth did several sketches and water colors of the Orinda countryside which she hoped to show in her next exhibit.

Maj. Joe L. Thurston Volunteers for Duty

Reserve officer Major Joe L. Thurston of Orinda has volunteered for active duty and will be assigned to the Army Signal Division on October 1.

LEGAL NOTICE

NOTICE OF CONSIDERATION OF APPLICATION FOR A LAND USE PERMIT BY THE CONTRA COSTA COUNTY PLANNING COMMISSION UNDER PROVISIONS OF ORDINANCE NO. 382

NOTICE IS HEREBY GIVEN that the Contra Costa County Planning Commission will give consideration to the application of Louis Barr for a use permit.

Said application is to modify provisions of Section 4 Subdivision F Subsection 6 of the provisions of Ordinance 382 as hereafter set forth, namely: to have 20 foot set back at one point.

Property is located on the following maps which appear as Subsections 24 of Section 3 of Ordinance 382.

Brief description of property: parcel being Lot 15, Orinda Vista; fronting approximately 150 feet on north side of Orinda Court, approximately 330 feet east of San Pablo Creek Road.

The time and place of said hearing will be in Room 210 Hall of Records, Martinez, California, August 29, 1950, 2 P.M.

RENE NARBERES, Secretary
Contra Costa County
Planning Commission

Published in the Orinda Sun August 18, 1950.

LEGAL NOTICE

NOTICE OF INTENTION TO PURCHASE REAL PROPERTY

BEFORE THE BOARD OF SUPERVISORS OF THE COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA

In the Matter of the Purchase of)
Land in S. D. No. 2 for use by)
ORINDA COUNTY FIRE)
PROTECTION DISTRICT)

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Contra Costa, State of California, has on the 7th day of August, 1950, in regular meeting declared its intention to purchase for the County of Contra Costa the following described property:

BEGINNING at the most Eastern corner of Lot 10, at a point on the Southwestern line of Moraga Highway, as the said Lot and Highway are shown on that certain map entitled, "Moraga Woodlands, Contra Costa County, California," etc., filed November 10, 1936, in Volume 22 of Maps, at pages 632, 633 and 634 Contra Costa County Records; thence running along said Southwestern line of Moraga Highway, South 61° 43' 30" East, 44.49 feet; thence leaving said Southwestern line North 28° 16' 30" East, 20 feet; thence North 61° 43' 30" West, 71.29 feet; to the **ACTUAL POINT OF COMMENCEMENT OF THIS DESCRIPTION**; thence from said **ACTUAL POINT OF COMMENCEMENT**, North 61° 43' 30" West, 298.59 feet; thence North 28° 16' 30" East, 105 feet; thence Northeasterly and tangent to said last mentioned course along the arc of a circle to the left, with a radius of 200 feet, a distance of 39.56 feet; thence tangent to said mentioned circle, North 16° 56' 30" East, 154.63 feet; thence South 53° 45' East, 331.26 feet; thence South 27° 10' 13" West, 250 feet to the point of commencement.

CONTAINING 1.9 Acres, more or less, and

BEING a portion of Lot 156, as the said Lot is delineated and so designated on that certain map entitled, "Map of Sectionization of a part of Rancho Laguna de Los Palos Colorados, Contra Costa County, California," filed August 8, 1916, in Book 15 of Maps, at page 308, Contra Costa County Records.

RESERVING AND EXCEPTING an easement for Road and Highway purposes together with the right to dedicate the same for public use over and along a strip of land 25 feet wide along the Northwestern boundary line of the above-described piece or parcel of land.

ALSO RESERVING AND EXCEPTING from the above-described piece or parcel of land all that portion of Moraga Highway lying within the boundaries thereof .

to be used as a Fire House site;

That it is proposed to purchase said property from The Moraga Company, a corporation, for a price of $2850.00; and Monday, the 11th day of September, 1950 at the hour of 10 o'clock A.M., in the Chambers of the Board of Supervisors in the Hall of Records, at Martinez, California, has been fixed as the time and place when the Board of Supervisors of Contra Costa County will meet to consummate said purchase.

NOTICE OF AWARD OF CONTRACT LOCAL IMPROVEMENT DISTRICT NO. 21

Pursuant to statute and to the Resolution of the District Board of the Central Contra Costa Sanitary District, directing this Notice, NOTICE IS HEREBY GIVEN, that the said District Board of the Central Contra Costa Sanitary District in open session, on the 10th day of August, 1950, publicly opened, examined and declared all sealed proposals or bids for performing the work and improvement described in Resolution of Intention No. 616 of the District Board of the Central Contra Costa Sanitary District, adopted on the 29th day of June, 1950, which Resolution of Intention is on file in the office of the Secretary of the District Board of the Central Contra Costa Sanitary District, and is hereby referred to for a description of said work and improvement and for all particulars relative to the proceedings under said Resolution of Intention; and notice is also hereby given that the District Board of the Central Contra Costa Sanitary District, thereafter on the 10th day of August, 1950, awarded the contract for said work and improvements to the lowest regular responsible bidder, to-wit:

MARTIN BROS. INC.

at the price named in the bid for said work and improvement of said bidder, which said bid is on file in the office of the Secretary of the said District Board of the Central Contra Costa Sanitary District, and to which reference is hereby made and the attention of all persons interested is hereby directed.

DATED: August 10, 1950.

H. M. SMITTEN
Secretary of the District Board of Central Contra Costa Sanitary District of Contra Costa County, State of California.

Group Touring of Scandinavia Told By Mrs. Wright

Mrs. Harper Wright wrote Orinda friends recently that she left London on July 18 with a party of 25 by train to Harwich and went on by train to Copenhagen. In that beautiful city one of the unusual sights was a 36-acre meat market including some other shops and even a bank and postoffice.

Here she saw more meat and of a finer quality than she had ever seen before in one place. She enjoyed going through Copenhagen's fine churches and seeing the very modern apartment districts. Of interest were the old castles, especially that of Kronborg, the Elsinore of Shakespeare's Hamlet, which play is still given there every year.

1200-YEAR-OLD HOMES

The group then went on to Oslo, Norway, where one of the notable sights in a museum were preserved homes twelve hundred years old, which had been made with an axe and a knife, and which were decorated with hand carvings. In another museum were the famous three-Viking ships. Also kept are the ships that went to both the North Pole and the South Pole. They also saw the balsa wood raft which five Norwegians and a Swede built and traveled on to prove that the ocean currents would carry them to South America as it had carried people many hundreds of years ago.

HUNDREDS BICYCLE

In Sweden Mrs. Wright was impressed with the beauty of the country and the magnificence of its modern buildings, the sight of so many hundreds bicycling on its streets, the great number of yachts and motor boats and the absence of slums.

Johnsons Have Good Rest at Forest Lodge

Mr. and Mrs. Alfred Johnson enjoyed a restful vacation at Forest Lodge, Mr. Johnson recuperated from a recent illness, but soon kept busy swimming, horseback riding and participating in amateur shows.

11 Pals Help Johnny Celebrate Birthday

Johnny Miller's fourth birthday was the occasion for a party at his home Monday, August 7. Eleven of his friends helped him enjoy the ice cream, cake and favors.

Your Garden

How About '1-Shot' Feeding, Weeding? Experience Shows It's Not a Good Idea

By BERT WRIGHT

NOW THAT DANDELIONS and plantain have been at their worst, some of my gardener friends are asking if they can apply a mixture of 2-4-D and plant food to their lawns, thus accomplishing two jobs at once.

To answer this query I refer to the summary of pros and cons presented by one of the leading weed control experts in the U.S. Department of Agriculture.

The list of advantages in this system to the home owner are:

SAVING OF TIME; no sprayer needed, less possibility of drift on desirable plants; better distribution than with liquid sprays and easier maintenance of a spreader as compared with a sprayer.

On the other hand, a few of the disadvantages named are well worth study:

THE PLANT FOOD — 2-4-D mixture is a more expensive way of applying 2-4-D since more is required to do the same job as a liquid.

You cannot use a combination mixture on anything except the lawn. Consequently the lawn owner must keep two kinds of plant food on hand — which he does not like to do.

Then there is the constant danger of getting the two products mixed, with calamitous results if the wrong one is applied to the garden or flower bed.

FURTHER "CONS" included the fact that weeding time is not the best feeding time and vice versa. Late winter or early spring is the time to apply plant food, while June and July are the best weed control months.

If you try a compromise you lose both ways. And it is usually desirable to feed the entire lawn whereas 2-4-D need be used only on the weedy areas.

WITH ALL THINGS considered, I found most folks decided to stay with their usual practice of feeding at feeding time and weeding at weeding time.

Buchanan Field Playground Ready

Buchanan Field now has installed and ready for use two sets of playground apparatus. Each set is equipped with a swing, trapeze bar, rings, and a teeter-totter. This is one of the first steps to be taken toward the goal of making Buchanan Field a county recreation center.

The two sets are placed at widely separated areas on the field. One is at the picnic grounds at the Concord gate and the other is in the fenced-in area in front of the Administration Building.

TV Will Show Football Festival

Negotiations have just been completed with Hoffman Television giving them exclusive television rights to all events of the Berkeley Junior Chamber of Commerce Fifth Annual Football Festival, September 15 to 23.

Hoffman Television will also sponsor the flight of the Football Queens to Berkeley for the Festival. The importation of these queens from universities throughout the country puts the Football Festival on a national basis for the first time this year. The University of Washington has just been added to the list of universities that will be represented by queens at the Festival.

The Coronation Ball will be held on September 21 at the Claremont Hotel. Miss Football of 1950 will be chosen from among the Football Queens, and will receive her crown at the Ball.

The parade on September 22 will be the spotlight event of the Festival. In the few years since its inception, it has grown to be the largest night time parade on the West Coast.

'51 MARKET MEET

One of the nation's major business conventions, the National Marketing Conference, will be held in San Francisco next year.

Columbus Fete Queen Entries Asked for Area

Entries from this area are wanted for the queen contest of the Italian American Federation of the East Bay, according to Emanuel P. Razeto, federation president. Those from Lafayette or Orinda who wish to enter this contest are asked to get in touch with Mrs. Ann Arrighi, chairman of the queen coronation committee, by phoning her at Lafayette 3092. Contestants can be entered until the end of this month.

The queen will be crowned Saturday night, October 14, at Oakland Municipal Auditorium, in a ceremony inaugurating the two-day Columbus Day Celebration of the federation. Following the coronation, Maestro Gustave Usigli, who recently conducted the Sebastion Bach Festival at Carmel, will conduct Verdi's "La Traviata" at the Municipal Auditorium.

The two-day celebration will culminate the night of October 15 with a banquet at the Hotel Leamington, at which U. S. Senator William F. Knowland will be the guest speaker. Dr. Alec J. Arrighi of Lafayette, vice-president of the federation, is chairman of the banquet committee, and can be contacted for tickets.

Adding further local interest to the celebration is the fact that Federation President Razeto owns property on Lower Happy Valley Road, where he hopes to build his home in the near future.

Boy, 12, Wins $1 Telling of Photo

Twelve-year-old Robert Brown of Route 3, Box 1879, Lafayette, had a hunch . . . then he became certain he was right. He phoned the SUN.

"That picture in last week's paper shows Mrs. Charles Meyers, her two daughters and her son at the Girl Scout Christmas tree lot in Lafayette last year," he said.

Robert was correct, and he was also the first one to turn in the correct information — so he won $1.

YOU can be just as lucky as this seventh grade student at Lafayette Grammar School who lives with his parents, Mr. and Mrs. Kenneth L. Brown of Reliez Valley Road, and who likes to ride horses. All you have to do is be the first person to identify correctly one of the guess-who-what-when-where pictures that appear frequently in the SUN.

PGE Crew Works On New Lines to Moraga Station

A Pacific Gas and Electric Company construction crew totaling 78 men is at work on a $2,110,000 steel tower transmission line construction project in Contra Costa County.

The crew will build 83 miles of 220,000-volt transmission line which will provide outlet for electric power to be generated next year at P.G. and E.'s new Contra Costa Steam Plant near Antioch. They will pour 3,000 cubic yards of concrete and erect 2,200 tons — 44 carloads — of steel. Linemen to follow will string 900 tons of 1¼ inch steel-reinforced aluminum wire. The wire, insulators and accessories will represent another 36 carloads of material required.

The crew now is working out of Walnut Creek building concrete footings for steel towers to carry transmission lines from the 402,000-horsepower steam plant to the company's Moraga substation, a main point of supply for the East Bay metropolitan area.

SECOND MAKES GOOD BRAKE

Just as second speed makes the best combination for a quick getaway so does it make one of the best ways of stopping quickly in traffic. When the spurt of speed is simply a matter of skinning past a few snailing cars, and stopping again behind a street car some two hundred feet ahead, remaining in second will be found handy for the entire job of speeding up and slowing down. Nine-tenths of the job can be done with the throttle, which is a bit closer to the ideal in speed control.

Patronize Hometown Merchants.

Ballet Is Added To Benefit Show Of 'Meet People'

Now that Winifred Gilmore's talented ballet group has been added to the cast, "Meet Your People," the musical revue which will be presented August 24, 25 and 26 at tht Acalanes High School Auditorium for the benefit of the Mt. Diablo Child Therapy Center, will have everything in it from sheer corn to grand opera. Henry K. Dunn who has been producing these revues for women's clubs throughout California, says that never before has he had so much talent in one show.

A new addition is George Spurlock, who will appear in "The Worm Turns," a sketch about men running the homes while women are running the country.

ROLLER SKATERS

A special addition will be Harriet Jamison and Ted Robinson, two teen-agers from Snelling who do excellent dancing on roller skates.

Carol Peters, the attractive brunette wife of Dr. Henry Peters of Walnut Creek, will appear in three distinct characterizations — "Anna Held" in a gown of the period being especially designed by Ethel Dolan; then as an opera singer, since Mrs. Peters has an operatic voice; and, probably to her friends' consternation, in a stylized version of "Frankie and Johnnie."

Louise Welty will present two interesting characterizations.

'WEDDING' SKETCH

"Wedding," an impressionable sketch, will have Mary Funk, Gladys Hawkins, Sallie Lassagne, Elizabeth Shepherd, Dorothy Morcom, Adrienne Tuttle, Mary Doyle, Patricia Hart, Frances Tazer, Janet Coop and Barbara Race.

Ted Lassagne of Lafayette will accompany several of the acts and will also appear in the night club scene as "Carmen Cavallero."

REHEARSALS

Rehearsals are going on night and day.

Tickets can be obtained in Orinda through Mrs. Challiss Gore and in Lafayette, Mrs. Peg Ewert or the Therapy Center.

National Home Week Scheduled

National Home Week, annual parade of progress of the home building industry, will be held as originally scheduled from September 10 to 17. This was announced today by John I. Hennessy, executive vice-president of the Associated Home Builders of the Greater East Bay, to quash rumored reports that the event would be cancelled because of the Korean conflict.

Hennessy cited recent Presidential restrictions on credit for new housing as being necessary to assure even flow of critical materials to defense industries. He said, "The home building industry, while certain to show a decreasing construction volume, is still producing at a high rate and will continue to do so without conflicting with defense preparations.

"Our builder members throughout the entire East Bay are now completing model home exhibits and other fully detailed construction displays to show the modern materials and methods which make America's housing the envy of the world."

Bert Howard at Salt Lake City Sigma Pi Meet

Bert Howard, president of the Lafayette Chamber of Commerce, left last Saturday night for the biennial convocation of the Sigma Pi fraternity in Salt Lake City. The four-day gathering, from yesterday through Sunday, is the first time the fraternity has ever held its convocation west of the Rockies.

Howard is an archon of the organization, representing the fraternity on the Pacific Coast, which has 10 Sigma Pi chapters. Approximately 500 members from all over the nation are expected at the Salt Lake City convocation.

Because he may not be back in time, Howard has assigned Chamber Vice-President Jack Schneider to take over the chair at Monday night's quarterly membership meeting of the Lafayette Chamber of Commerce at Veterans' Memorial Hall.

USE LOW BEAM IN FOG

If your car is not equipped with fog lights, use the low headlight beam when driving in mist or rain. Use of the upper beam causes its light to be reflected back into your eyes.

30-Unit Pageant By Contra Costa For S.F. Parade

One hundred years of Contra Costa County progress told in transportation is the theme to be employed in pageantry by Contra Costa County Native Sons and Daughters with a 30-unit display in the San Francisco Centennial parade September 9.

With employment of Director Frank L. Soria of San Francisco, disclosure was made of details of the ambitious and spectacular display, and it was coupled with a plea by Chairman Ernest Arata of Antioch for close public cooperation in assembling authentic materials for use in the various props and by the individuals who will participate.

INDIAN LIFE

The pageant will open with a prologue devoted to Indian life in the county and will progress through the various stages of transportation in such manner as to adequately impress the progress of the county. It will include such noted men as John Marsh, John Muir, John Swett, the Alvarados, Castros, Pachecos and others.

The 30-unit pageant will require participation by 80 individuals and more than 50 animals.

In addition there will be a corps of gift dispensers, handing to parade spectators a Contra Costa gift package properly inscribed. Another requirement will be carriers for dated signs. There will be no commercial signs.

Arata urged that persons who may have materials list them and communicate with the Native Sons and Daughters Centennial Committee, 838 Escobar Street, Martinez.

Cast Entertained By Curtiss Cowan

Curtiss Cowan of San Francisco, a director of the Interplayers, recently entertained the entire cast of "The Shoemaker's Wife" at the Upper Happy Valley Road home of his parents, Mr. and Mrs. Floyd Cowan. Buffet-style meals, reading of several plays and lounging on the lawn were included in the informal program of the day.

Present was the entire group of about 30 who acted in the recent production at Mills College of Frederico Garcia Lorca's "The Shoemaker's Wife," which Curtiss Cowan directed and for which he designed the sets. The Interplayers are a San Francisco repertory company.

Acalanes School Bonds Sold—County Maps More Road Plans for This Area

Acalanes Union High School District bonds worth $449,000 were sold to the American Trust Company following approval of the Board of Supervisors upon opening of bids Monday.

The bonds will bear interest as follows: $75,000 of the issue to mature October 1, 1951 to 1953, 4¾ per cent; $125,000 of the issue maturing from October 1, 1954 to 1958, 1½ per cent; $150,000 maturing 1959 to 1964, 1¾ per cent, and the balance of $149,000, which will mature between 1965 and 1970, 2 per cent.

LEGAL MAXIMUM

Although $900,000 in bonds was voted by the Acalanes School District last March 18, only $499,000 can be sold at present as this amount will raise the bonded indebtedness to the legal maximum allowed under state law, according to County Auditor-Controller D. M. Teeter.

Other county business affecting this area on the board agenda included the directive to County Surveyor Joseph W. Barkley to prepare plans and specifications for resurfacing San Pablo Creek Road with asphalt-concrete. Moraga Midlands thoroughfares were accepted as county roads on action of the board and a survey to rebuild Ardilla Road, in Orinda, was authorized at this session.

GOLDEN GATE WAY

The board directed the district attorney to prepare an ordinance making the northwesterly branch of Golden Gate Way near the Plaza, in Lafayette, a one-way street, allowing only east-bound traffic to enter.

The county auditor was directed to apply for Federal funds of $75,000 for the purpose of surveying road needs in the county highway system. The Federal government has funds set aside to lend for this purpose. Increase of traffic and resultant need of a modern road system in Contra Costa County were cited as reason for the application.

EMPLOYMENT

A resolution recommending to state employment departments and to private industry that county residents be hired in preference to out-of-county people was passed by the board.

Hearing of George Adelson's application for abandonment of a portion of Brookwood Road and Springs Road was set for September 11 at 10 a.m.

Same Tax Rate, 25c for EBMUD

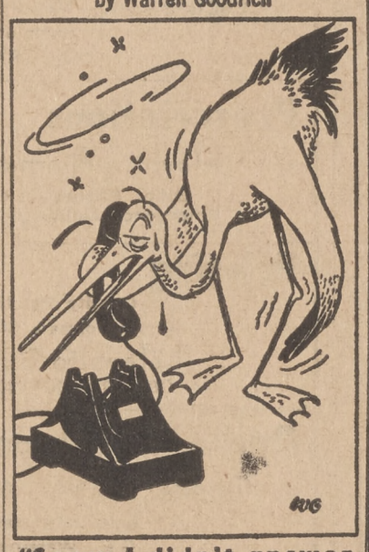

The tax rate of the East Bay Municipal Utility District for the fiscal year of 1950-51 will be maintained at last year's figure of 25 cents per $100 of assessed valuation, according to an announcement by Francis E. Boyd, president of the Board of Directors of the district.

In commenting on the action of the board, Boyd said, "It is the policy of the Utility District to hold water rates and tax rates to the lowest possible levels consistent with sound financial management. The present tax rate is being maintained notwithstanding increased operating costs and the heavy expenditures required for the construction and expansion of the system to take care of more than 8,000 new water services during the past year."

Boyd noted that the present 25 cent rate represents a reduction in the tax rate of 50 percent since the district began to operate the distribution system in 1929. Similarly, the bonded indebtedness of $77,000,000 has been reduced to $51,510,000, with complete retirment of all existing water bond issues scheduled for 1977. During this same period, district consumers have also enjoyed reductions in water rates to both large and small consumers of from 13 percent to 42 percent, Boyd said.

State Finances Sound—Kuchel

California wound up the 1949-50 fiscal year, which ended June 30, in excellent financial condition, according to a report issued by State Controller Thomas H. Kuchel.

Kuchel's report, described as preliminary, covered the condition of the General Fund, Reserve Funds, and the bonded debt of the state.

It indicated that $28,836,652 was the sum of cash on hand over current obligations in the General Fund at the close of the year and that General Fund revenues deposited in the State Treasury during the fiscal year totaled $545,414,129. This represented, Kuchel said, a net increase of $37,307,777 over the previous fiscal year, or more than seven per cent.

CASH DIVIDEND

At their recent regular meeting, the Board of Directors of Bank of America declared a cash dividend for the current semiannual period, payable in two quarterly installments, at the annual rate of $1.60 per share on the 24,000,000 shares now outstanding. This is an increase of 14 percent over the previous annual rate of $1.40 per shart.

Three Airport Employees Quit

Three Buchanan Field employees — Robert F. Markham, Hugh F. Nichols and John E. Piper — have submitted their resignations, effective by the end of next week, in protest against appointment of Marvin Scott as assistant airport manager.

The three operator's assistants also asked the County Civil Service Commission to give them opportunity to qualify for the assistant manager's post by competitive examination.

They based their complaint on appointment of Scott, a former Navy patrol bomber pilot, last October 16, two weeks before expiration of the civil service eligibility list.

EBMUD JOB

The East Bay Municipal Utility District has announced a civil service examination to be held September 1 for the position of addressing machine operator, at a starting salary of $197 per month. Applications for the examination will be accepted until August 22.

Do you realize how much it costs when you go through the Tunnel to shop?

Rev. Berven's Text Is Parable

Using as his text the familiar parable of the Pharisee and the Publican as found in Luke 18:9-14, Pastor Luther Berven of Our Savior's Lutheran Church will preach on the sermon topic, "Almighty God or Almighty I" on Sunday morning.

The morning worship begins at 10:45 a.m.; Sunday school and adult Bible class meet at 9:30 a.m.

The annual Sunday school picnic will be held Sunday afternoon at 3 o'clock on the church grounds. All pupils and their families and all teachers are invited.

Local Men Present at Nurserymen's Picnic

The Central California Nurseryman's Association held its annual picnic is Los Altos last week. Jack Schneider, Frank Vassallo, Stewart Wade and Herman Sankol were the Mt. Diablo area men who attended.

Cars May Come and Go, but Traffic Violation Citations Go Right On–

Lafayette and Orinda residents' names were prominent among those on the hundreds of traffic violation tickets in process of being posted in the Walnut Creek office of Judge Clifford Thomson.

Three Lafayette names appeared for parking violations, R. Goodale, June 12; Edward A. Ristow, June 24, and George B. Nial, July 5, each paying the customary $1 fine.

OTHER TICKETS

Other tickets in the office bear the following names: Leopold Lindfors, Lafayette, cited June 4, involved in collision near Elizabeth Street while across double traffic strip, no operator's license in possession, $10 paid; Mathew W. Mitchell, Lafayette, June 8, ticket for imprudent speed, following too closely, accident, complaint filed, $10; Miles R. Hudson, Lafayette, June 18, 50 in a 35 zone, no operator's license in possession, no stop at sign, forfeit $10 bail; Jeanette J. Mariolle, June 19, backing vehicle without due caution, complaint filed, fine $10.

Other citations issued to Lafayette residents were: to Wesley Thurman, June 26, speeding, violations of restrictions, no glasses, fined $7.50; Charles Raymond Palin, July 3, excessive speed, fined $15.

ORINDANS

Orindans cited for alleged traffic violations included: William Newcomb Harsha, Jr., June 22, failure to make boulevard stop, fined $2.50; Paul L. Polloczek, June 23, failure to make boulevard stop, fined $2.50; William Russell Nichelmann, June 24, speeding, 50 in a 25-35 zone, fined $7.50.

Other tickets bearing Orinda names were one to Elbert A. Dawson, Jr., July 1, speeding, 45 in a 25-35 zone, fined $7.50, and Flo Rita French, July 2, no license in possession, parked on sidewalk, fined $10.

Judge Thomson and his clerk, Mrs. Elizabeth Allen, are kept busy tabulating the tickets as they pour into the office, collecting fines, making out receipts, entering the information in the motor vehicle docket and compiling the reports of fines paid from day to day. All this in addition to the many other duties of the judge's office.

INSURANCE & TAXES

Insurance company taxes amounting to $23,089,156 were assessed by the State Board of Equalization. This is an increase of $239,216, or 1 percent, over the assessments made a year ago.

Rites Held for Frances F. Doyle

Funeral services were held for Frances Fisher Doyle, niece of Mrs. Anna L. Maddux of Lafayette, at the Laurel Funeral Chapel in Oakland last week.

Mrs. Fisher, widow of the late William J. Doyle, died August 6 in Oakland. Other survivors besides Mrs. Maddux are another aunt, Sarah Welch of Chino, California; cousins Mr. and Mrs. Stanley Dietrich and Mr. and Mrs. John C. Maddux of Walnut Creek, Edward B. Price of Oakland and Leslie Welch of Chino. She was a native of Ohio.

Interment was private.

Harts Have Guests From Oak Harbor

Mr. and Mrs. Ted Hart of Palomares Avenue have enjoyed as their house guests this past week his brother and sister-in-law, Chief Petty Officer and Mrs. William Hart of Oak Harbor, Washington. The latter will remain in Lafayette for two more weeks, while her husband returns to their home with their two daughters.

TROUT FISHING AT PEAK

Trout fishing has been at its peak in the mountain areas of Tulare County, reports the National Automobile Club. Many fine catches have been made on the higher streams and lakes.

Pheasants Freed At Buchanan Field

Two hundred and 50 three-month-old Ring Neck Pheasants were released at Buchanan Field by the California Fish and Game Commission recently.

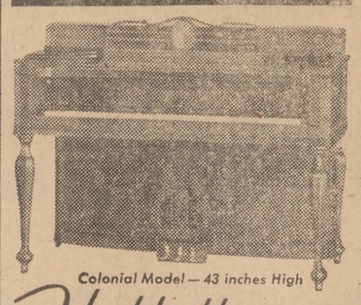

The birds were hatched at Yountville, Calif., where they lived until they were about three weeks old and then they were transferred to the Sportsmen's Pens at the County Prison Farm in Contra Costa.

Ernie Mangini of Concord loaned a helping hand to Fish and Game representative Carl Lindquist in releasing the birds.

All this adds up to good hunting this fall.

Campfire Girls Hold a Meeting

The Campfire Girls had an interesting meeting last week when they learned to make campfires by practicing on miniature criss cross and hunters' campfire models.

Most of the meeting this week was spent in further work on their ceremonial gowns. When school opens, meetings will be held on Saturday mornings.

Woodie, Dad Do Lots of Camping

Kenneth Hauter, accompanied by his son Woodie, spent the past three weeks in a trip to Utah, Nevada and Wyoming.

Three days each week were spent in the cities and stopping at hotels when Hauter attended to his business for the Butler Manufacturing Company and four days each week were enjoyed camping in the national parks—Zion, Grand Canyon, Yellowston, Bryce and the Grand Tetons—and at the Cedar Breaks Monument.

Their l st night before returning home was spent at Tahoe. Woodie was sure this was the finest vacation he ever had.

John Dorrs Move To Salem, Oregon

The beginning of the week was an exciting time for the John Dorr family.

First, little Dianne was to fly with her daddy in his plane to keep him company to Eugene, Oregon. On Monday Mrs. Dorr's mother, Mrs. Harper Wright, returned from her almost four months' travels in Europe. Tuesday was spent in San Francisco tending to custom matters. Wednesday, they and baby son really bade goodbye to their Orinda home, and drove to Salem, Oregon, the new Dorr home, picking up Dianne at Eugene.

They as well as their many Orinda friends hope their stay in Salem won't have to be very many years. Mrs. Wright promised to return to Orinda in the fall to help at the Guild's annual bazaar.

Mrs. Dorr said she was flying down on September 26 to dance at the Sir Francis Drake Hotel for the convention of the American Chemical Engineers. She will fly down to Orinda in December to be present at the Guild's Christmas party on the 5th, as she features the program with her telling of a Christmas story.

The John Dorrs have leased their Orinda home to Mr. and Mrs. Lesley Mathis of Contra Costa Road, Berkeley, who hope later on to build in Orinda. They have two daughters, one five and a half years old, the other eight years old. Mathis is a member of the Orinda Country Club.

Opera League's Head Will Give Luncheon Tuesday

Orinda Country Club will be the setting for a luncheon given by Opera League President Mrs. John F. Mulligan next Tuesday.

The affair will honor her predecessar, Mrs. Louis Gainsborough.

Following the luncheon, the Opera League board will hold a session to include setting of the date for the opening fall tea.

How High Is Up? 5800 for Booths

Mr. and Mrs. Paul Booth returned Sunday from a week's delightful vacation spent at Grey Eagle Lodge in the Feather River country, where the elevation was 5800 feet.

They enjoyed the beautiful scenery all around the lodge and the short hike to a nearby lake for swimming and boating. They were surprised to see the profusion of wild flowers everywhere.

Mrs. Gould Aids At Nuptial Rites

Mrs. F. E. Gould served as honor attendant in the bridal entourage of Dorothy Margaret Hampton when she became the bride of William Elliott, Jr., last Saturday morning. Stephen Gould was also a member of the wedding party, carrying the ring to the altar.

The 10 o'clock service was held in St. Benedict's Church in Oakland before a number of friends and relatives of the bride and groom.

Birthday Theme Was Hawaiian

Morene Downs celebrated her seventh birthday Sunday in Hawaiian manner. Each of her 14 guests received a lei at the door, and the table decorations and cake decor followed the same theme.

Helping her celebrate the occasion were Sandy Poulsen, Barry Hutchison, Betsy Ann Kilbourn, Terry Kohler, Jane Seaman, John and Carol Ann Walker, Jimmy Gibbs, Morene Collins, Johnny Cooper, Mary and Pat Gillivan, Susan Schilling and Johnny Reilly.

Camp Plus Party Mark Birthday

Donny White had his seventh birthday while on a camping trip in Mendocino County, but after he got home he decided a party would be nice too.

So on Wednesday, August 9, his neighborhood friends joined him for ice cream and cake and the traditional "Happy Birthday."

Mrs. Hession Honored

In honor of Mrs. Thomas Hession who is here from New York, Mr. and Mrs. Melvin Jacobus had a group of friends in on Sunday for a swimming-dinner party .

W. Sayre Snooks Reception Hosts

Mr. and Mrs. W. Sayre Snook were hosts earlier this month at a wedding reception at their Orinda home honoring Mr. and Mrs. William Walter Eyers following the couple's marriage at the First Congregational Church in Berkeley. The bride, the former Jean Tuttle Bailor, is a cousin of the Orindans.

Jean, daughter of the Howard C. Bailors of Riverside, was a student at College of the Pacific and Riverside College. The groom is a graduate of Rensselaer Polytechnic Institute where he was affiliated with Pi Kappa Phi. He is the son of Mrs. Walter Eyers and the late Mr. Eyers of Farmington, Conn.

The newlyweds left for an undisclosed destination on a honeymoon trip following the reception. They plan to make their home in Berkeley after their return August 22.
